Dear Dr. Jackson:

Thank you for your letter and Mr. Shealy's letter dated July 27, 1982, that responded to our written comments following the 1982 review of your radiation control program.

We were pleased to learn that the Bureau of Radiological Health has been given the authorization to fill the vacant staff positions, and that you are in the process of recruiting personnel for the existing vacancies.

Our comments and your responses will be incorporated into the final report of the review. A copy of the report will be furnished to your office.

If you have any questions, please feel free to contact me or my State Agreements Representative at any time.

Sincerely,
