MEMORANDUM FOR: K. Jacobs, Project Manager
for Three Mile Island Unit 1
Division of Licensing

FROM: Conrad E. McCracken, Section Leader
Chemical Engineering Branch
Division of Engineering

SUBJECT: REPORTS RECEIVED FROM GPUN DURING THE
JUNE 22, 1982 MEETING WITH GPUN.

During the subject meeting, GPUN provided copies of the following three reports for our use in evaluation of the S.G. corrosion problem at TMI #1.

1. Reactor Coolant System Review TDR No. 343, 6/14/82
2. TMI-1 Steam Generator Recovery Program Task 7, Appendix C
3. TMI-1 OTSG Failure Analysis Report TDR No. 341 (Draft)

By copy of this memo, I am distributing these documents to the PDR, appropriate staff and our consultants. The third document (TMI-1 OTSG Failure Analysis Report TDR No. 341) has been provided in draft form GPUN has cautioned, that the third document is subject to substantial change in its final form and should be used for information only, not as part of the evaluation process.
