Gentlemen:

Reference is made to your letter dated May 8, 1958 requesting an amendment to your special nuclear material license to authorize the sending of work clothing, with an alpha activity greater than 1500 disintegrations per minute per 75 square centimeters, to the Nuclear Laundry Service, Inc., Waterbury, Connecticut.

Your present license authorizes you to transfer material which you are licensed to possess to persons authorized to receive it. If material may be transferred to Nuclear Laundry Service, Inc., within the limits of their present license authority, no further licensing action is required. If not, Nuclear Laundry Service, Inc., may request amendment of their license to cover the additional materials and/or activities.

Very truly yours,
