CONTACT: G. Hellstrom	DATE: 2/04/94
TELEPHONE NO.: (801) 532-0920	ORGANIZATION: Envirocare of Utah
TYPE: Visit      Conference      Telephone: X In      Out	
SUBJECT: LETTER OF CREDIT	
<p><b>SUMMARY:</b> George Hellstrom called to discuss the Letter of Credit Envirocare wants to use instead of the trust agreement proposed in the license application and specified in the license. Specifically, Mr. Semnani had concerns regarding the standard wording for the letter of credit, in that he felt he need to add additional wording to assure he would get his money back, if NRC did not approve the Letter of Credit. Mr. Hellstrom, therefore, was interested in how long such a review would take. I indicated that I could not give him an estimate, until I knew who would be involved in the review at NRC and saw the actual suggested wording change. Mr. Hellstrom indicated that he would fax me the suggested wording. I indicated that I would check to see who would be involved in the review and get back to him.</p>	
<p><b>ACTION REQUIRED:</b> Determine those involved in the review and get them to look at the proposed wording change, meet to discuss internal<sup>l</sup> and call Envirocare.</p>
