Re: Administrative Letter 93-03

Mr. Robert M. Gallo, Chief
 Operator Licensing Branch, OWFN-10D22
 U. S. Nuclear Regulatory Commission
 Washington, DC 20555

Dear Mr. Gallo:

Haddam Neck Plant
 Millstone Nuclear Power Station, Unit Nos. 1, 2, and 3
 Response to Administrative Letter 93-03
Operator Licensing National Examination Schedule

Administrative Letter 93-03,⁽¹⁾ "Operator Licensing National Examination Schedule," requested that the Connecticut Yankee Atomic Power Company and the Northeast Nuclear Energy Company (NNECO) voluntarily update schedules for both operator licensing and requalification examinations for the Haddam Neck Plant and Millstone Unit Nos. 1, 2, and 3. These schedules were to be provided for fiscal years 1994 through 1997. Additionally, the Administrative Letter requested an estimate of the number of candidates that are expected to participate in the Generic Fundamental Examinations during fiscal year 1994. Accordingly, enclosed are the schedules as now estimated.

Additionally, we request a revision to the National Examination Schedule on Millstone Unit No. 1 for five individuals the week of June 20, 1994. This has been discussed verbally with the Staff. We recognize that this examination is outside of our scheduled examination window. NNECO appreciates your support in scheduling this examination.

(1) B. K. Grimes letter to All Power Reactor Licensees and Applicants for an Operating License, "Operator Licensing National Examination Schedule (Administrative Letter 93-03)," dated September 7, 1993.

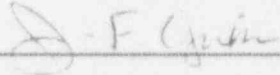

JEH

Mr. Robert M. Gallo
