Docket No. 50-508

Washington Public Power Supply System
P. O. Box 1223
Elma, Washington 98541

Attention: Mr. R. S. Leddick
Program Director, WNP-3/5

Gentlemen:

Subject: NRC Inspection at Washington Nuclear Project No. 3 (WNP-3)

This refers to the routine, monthly inspection conducted by Mr. W. G. Albert of this office on July 1 - 31, 1982, of activities authorized by NRC Construction Permit No. CPPR-154, and to the discussion of our findings with R. S. Leddick and other members of the Supply System staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained herein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
