MEMORANDUM FOR: Lee V. Gossick
Executive Director for Operations

THRU: P. Bird, Director
Division of Organization and Personnel

FROM: J. T. Collins, Deputy Director
TMI Support

SUBJECT: EXEMPTION TO NRC APPENDIX 4136 FOR TMI SUPPORT STAFF

Your memo of November 4, 1979, to all Office Directors reinstated the requirements in NRC Appendix 4136, Part III, B and D to grant compensatory time in lieu of approved irregular or occasional overtime pay for FLSA - exempt employees whose basic rate of pay exceeds GG-10/10.

Due to the nature of the on-site activities at TMI, it is necessary for the temporary on-site staff to work irregular and overtime hours. In view of the limited number of personnel temporarily assigned to the TMI Support Staff, we are not in a position to grant compensatory time in lieu of payment and still perform our assigned functions. I am, therefore, requesting that the individuals noted below be given an exemption to permit payment instead of time off for irregular or overtime hours and that it be made retroactive to November 4, 1979, the effective date of your memo. I estimate the overtime hours will amount to approximately 16 hours per week per man for the foreseeable future or at least until such time that we have staffed the TMI Site Organization with permanent positions.

D. Haverkamp

Since most of the shift people are being supplied by IE Headquarters and the other Regional Offices, it is not possible to identify the specific individuals at this time. I would, therefore, propose that these be handled on a case-by-case basis by the Regional Office.

Your immediate attention to this matter would be appreciated.

J. T. Collins
Deputy Director
TMI Support
