

August 25, 1982

Docket No. 50-320

Mr. B. K. Kanga, Director  
Three Mile Island Unit 2  
GPU Nuclear Corporation  
P.O. Box 480  
Route 441 South  
Middletown, PA 17057

Dear Mr. Kanga:

SUBJECT: NRC CONSULTANT SITE FIRE SURVEY

On June 15, 1982 the NRC received your revised Fire Hazards Analysis and Fire Protection Program Evaluation. As a part of our review of these documents in consideration of your Appendix R exemption request the NRC will be using consultants for a TMI-2 site survey within the next 4 - 6 weeks. We anticipate the need for badging and its associated training for these consultants. We also anticipate the need for a minimum of one consultant and one NRC staff member to enter containment during two of your planned entries to do an independent survey of the combustible loading in the reactor building. Please contact Les Gage (948-1126) of my staff for any additional information that you require and provide him with training and scheduling requirements that will be applicable.

Sincerely,

/s/

Bernard J. Snyder, Program Director  
Three Mile Island Program Office  
Office of Nuclear Reactor Regulation
