Docket Nos.: 50-498
and 50-499

Mr. G. W. Oprea, Jr.
Executive Vice President
Houston Lighting & Power Company
Post Office Box 1700
Houston, Texas 77001

Dear Mr. Oprea:

By letter dated July 23, 1980 (ST-HL-AE-500), Houston Lighting and Power (HL&P) requested directions and instructions for qualification of the Arthur D. Little, Inc. (ADL) computer code to be used in calculations for piping systems at the South Texas Project (STP).

On October 9, 1981, as a result of several conversations HL&P submitted the results of two test problems, that were used to verify the ADL computer code (ADLPIPE version 2C).

This is to advise you that the NRC staff has approved the use of the ADL Code and it can be used for the ongoing STP design.

Sincerely,

Original signed by:
