REFERENCE: (1) SNM-1168, Docket 70-1201

Gentlemen:

As discussed earlier today with Mr. Harry Bartz of your staff, the Babcock & Wilcox Company, Commercial Nuclear Fuel Plant requests a fourteen (14) day extension in the time set forth in Section 70.51(e)(4) to complete the physical inventory. The extension is needed because of the following:

- (1) Region II inspectors occupying available staff time
- (2) Key staff unavailable due to inclement weather.

The requested extension of time will allow the physical inventory to be completed in accord with the provisions of 10 CFR 70.51.

Accordingly, a check for \$150 was mailed January 22, 1982 to cover the administrative licensing fee. The check is No. 24671 identified as inventory extension.

Thank you for your prompt attention to this matter.

Sincerely,

BABCOCK & WILCOX COMPANY
COMMERCIAL NUCLEAR FUEL PLANT
