Dockets Nos. 50-277
and 50-278

Mr. Edward G. Bauer, Jr.
 Vice President and General
 Counsel
 Philadelphia Electric Company
 2301 Market Street
 Philadelphia, Pennsylvania 19101

Dear Mr. Bauer:

By a conference call on August 19, 1982, regarding the implementation of 10 CFR 50 Appendix I related to Radiological Effluent Technical Specifications (RETS), at the Peach Bottom Station, Units 2 and 3, between members of your licensing and engineering staffs and the NRC Peach Bottom Project Manager, certain scheduler agreements were established.

Our staffs at a RETS meeting in Philadelphia on June 29 and 30, 1982, agreed that PECO would submit drafts of the RETS and an Offsite Dose Calculation Manual to the NRC by September 1, 1982. As discussed in the conference call of August 19, we mutually agreed to drop the requirement for the September 1 drafts in exchange for a final license amendment request submittal from PECO by October 8, 1982.

Sincerely,

~~WARRANTY, EXTENDED BY~~

Morton B. Fairtile, Project Manager
 Operating Reactors Branch #4
 Division of Licensing
