Allied-General Nuclear Services
Attn: Dr. J. A. Buckham, President
P. O. Box 847
Barnwell, SC 29812

Gentlemen:

Subject: Report No. 50-332/82-02

This refers to the routine safety inspection conducted by Mr. G. P. Coryell of this office on August 3-6, 1982, of activities authorized by NRC Construction Permit No. CPCSF-4 for the Barnwell Nuclear Fuel Plant and to the discussion of our findings held with Mr. M. L. Rogell, Manager, Quality Assurance and Compliance, at the conclusion of the inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

Within the scope of this inspection, no violations or deviations were disclosed.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC's Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 10 CFR 2.790(b)(1).

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

(original signed by AFGibson)
A. F. Gibson, Chief
Technical Inspection Branch
Division of Engineering and
Technical Inspection
