IN RESPONSE REFER
TO FOIA-82-354

Dear Ms. Mihal:

This is in response to your letter dated July 31, 1982, in which you requested, pursuant to the Freedom of Information Act, information and records on 15 categories of specific information as described in your letter.

As Mr. Frank W. Karas of my staff discussed with you by telephone on August 18, 1982, we have exhausted our search for any documents which might be subject to your second request and we have not located any pertinent records. You will recall that in response to your original FOIA request (FOIA-82-310), we did provide you with copies of all documents we located that were subject to that request.

In order to verify our inability to locate any documents subject to your latest request, a technical staff member of the NRC telephoned the Lakewood Hospital Administrator's office on August 18, 1982, and he was informed that "we don't have any teletherapy units at this time and we did not have any such units at that time [1956-1957]".

This completes action on your request.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration
