In the Matter of
Long Island Lighting Company
(Shoreham Nuclear Power Station, Unit 1)
Docket No. 50-322 (OL)

Dear Mr. Miller:

I am in receipt of your letter to me dated September 16, 1982, which requests that the NRC initiate discussions with the FBI to explore any and all ways to make the FBI's fingerprint identification service available to LILCO.

I have forwarded your request to the Commission's Office of Nuclear Material Safety and Safeguards with a request for prompt advice from them. I hope to contact you (verbally) by the middle of next week regarding the NMSS response.

Sincerely,

Bernard M. Bordenick
Counsel for NRC Staff
