Dear Mr. Parris:

Subject: Request for Additional Information on  
Hydrogen Control

Enclosed is a request for additional information on hydrogen control of Sequoyah units 1 & 2, which is required before we can complete our review.

We are also submitting this request to Duke and AEP. Since this subject is generic to the ice condenser plants, we suggest a coordinated utility response by mid-October 1982.

The reporting and/or recordkeeping requirements contained in this letter affect fewer than ten respondents; therefore, OMB clearance is not required under P.L. 96-511.

Sincerely,

Original signed by:
