Expiration Date: January 31, 1979

Dear Mr. Mora:

This refers to the telephone conversation between Mr. D. B. Spitzberg of this office and yourself on September 16, 1982. The subject of the conversation had to do with NRC Byproduct Material License 24-15934-01 issued to Mora-Landis Contractors which expired on January 31, 1979. As a former junior partner in this firm, you informed us that the company was dissolved in 1979 and that no radioactive material was procured under the license. In order for us to retire this license, we need you to complete the enclosed NRC Form 314 "Certificate of Disposition of Materials" and submit it within 30 days to the address indicated on the form. In addition, please send a copy of the completed form to Region IV, U. S. Nuclear Regulatory Commission, 611 Ryan Plaza Dr., Suite 1000, Arlington, Texas, 76011, Attention: Glen D. Brown, Chief, Technical Programs Branch.

We request you give prompt attention to these matters. Should you have any questions concerning them, we will be pleased to discuss them with you.

Sincerely,

"Original Signed by:
G. D. BROWN"
