Dear Ms. Hemby:

Carpenter Technology Corporation, Special Products Division, requests an export license for the purpose of exporting Zircaloy-4 fuel channels to Taiwan. This license is for replaceable parts to be installed with reload fuel. The appropriate information required per 10CFR Part 110 is attached.

If you have any questions concerning this license application, please contact me. As you will note, we are asking for a very rapid approval of this application. Any assistance you could provide in expediting would be greatly appreciated.

Very truly yours,

D. R. Wozniak
General Sales Manager
