Dear Mr. Thomas:

I understand the HQ-1 July 13, 1982, letter to Bob Tedesco, referenced in P.L. Powell's September 15, 1982, letter to Tom Bevek, may not have gotten into the NRC's Document Control System, and thus may not be easily available for referencing. Since the enclosure to that July 13 letter represents the only meeting minutes available to document a June 23, 1982 meeting between HQ-1 and NRR, I am enclosing an additional copy for your use.

Sincerely,

Roger L. Boyd
