Dear Mr. Kasun:

This is a request for exemption from the requirement to conduct a sampling study of % uranium on raw fuel as required by 10CFR74.59e2. This request is based on the fact UNC Naval Products is going out of business and raw fuel receipts were discontinued in March, 1990. All % uranium assays on the raw fuel received to March, 1990 have been successfully completed and future % U assays on raw fuel are not anticipated.

Enclosed is a check for \$150 for administrative fees involved with the processing of this request. I trust you will be able to act favorably on this request.

Very truly yours,

T. J. Collopy
