SAFEGUARDS INFORMATION REMOVED

Dear Mr. Kingsley:

SUBJECT: NRC INSPECTION REPORT NOS. 50-259/90-12, 50-260/90-12, AND
50-296/90-12

Thank you for your response of May 29, 1990, to our Notice of Violation issued on April 26, 1990, concerning activities conducted at your Browns Ferry Nuclear Plant under License Nos. DPR-33, DPR-52, and DPR-68.

In your response, you acknowledged the occurrence of one violation and denied a second violation relating to failure to provide additional ammunition to assure twice the basic requirement for each weapon assigned. After careful consideration of the basis for your denial, we have concluded, for the reasons presented in the enclosure, that the violation occurred as stated in the Notice of Violation. Therefore, in accordance with 10 CFR 2.201(a), please submit to this office within 30 days of the date of this letter, a written statement describing steps which have been taken to correct the violation denied and the results achieved, corrective steps which will be taken to avoid further violations, and the date when full compliance will be achieved.

In accordance with 10 CFR 2.790(d) and 10 CFR 73.21, safeguards activities and security measure are exempt from public disclosure. Therefore, the enclosure to this letter will not be placed in the NRC Public Document Room.

We appreciate your cooperation in this matter.

Sincerely,
