

SEP 12 1990

Docket No. 50-508

Washington Public Power Supply System
P. O. Box 968
3000 George Washington Way
Richland, Washington 99352

Attention: Mr. D. W. Mazur
Managing Director

Gentlemen:

Subject: NRC INSPECTION - WNP-3

This letter refers to the routine inspection conducted by Mr. J. F. Melfi of this office on August 6-20, 1990, of activities authorized by Construction Permit No. CPPR-154 and to the discussion of our findings held by Mr. Melfi with members of the Supply System staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

No violations of NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790 (a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room.

Should you have any questions concerning this inspection, we will be glad to discuss them with you.

Sincerely,

S. Richards, Chief
Reactor Projects Branch
