Docket No. 50-77

Catholic University
ATTN: Dr. Andrew G. Favret, Dean
School of Engineering and
Architecture
620 Michigan Avenue, N.E.
Washington, D.C. 20064

Gentlemen:

NRC Region I has realigned the responsibility for the research and test reactor inspection program activities for non-power reactor projects. Effective immediately, all Region I responsibility for non-power reactors will be located within the Division of Radiation Safety and Safeguards. The regional contacts regarding inspection matters, communications, and appropriate event reporting are now as follows.

	<u>Telephone</u>
Thomas F. Dragoun, Project Scientist (Principal) Effluents Radiation Protection Section	215-337-5373
Dr. Robert J. Bores, Chief (Alternate) Effluents Radiation Protection Section Facilities Radiological Safety and Safeguards Branch Division of Radiation Safety and Safeguards	215-337-5213

All Part 50 submittals shall be sent to the NRC Document Control Desk as before with a copy to the Project Scientist in the regional office. Any notifications you are required to make to the Headquarters Operations Officer (301-951-0550) should still be made to that individual. The NRC takes this action to improve the effectiveness and coordination of the non-power reactor inspection program. Please feel free to contact the above personnel if you have any questions.

Sincerely,

Thomas T. Martin
Regional Administrator
