Gentlemen:

This refers to the routine, unannounced radiation safety inspection conducted by Mr. R. Brown of this office on July 25, 1990, of the activities authorized by NRC Byproduct Material License No 17-19236-01, and to the discussion of our findings held by the inspector with members of your staff at the conclusion of the inspection.

The inspection was an examination of the activities conducted under the license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of the license. The inspection consisted of selective examinations of procedures and representative records, interviews of personnel, independent measurements, and observations by the inspector.

During this inspection, certain of your activities were found not to be conducted in full compliance with NRC requirements. Consequently, you are required to respond to this matter in writing, in accordance with the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Your response should be based on the specifics contained in the Notice of Violation enclosed with this letter.

The program appeared adequate based on a review of records; however, observations of actual radiographic operations were not performed.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter, the enclosure, and your response to this letter will be placed in the NRC Public Document Room.

The response directed by this letter and the accompanying Notice is not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.

APPENDIX

NOTICE OF VIOLATION

H&H X-Ray Services, Inc.
West Monroe, Louisiana

Docket: 030-17191/90-01
License: 17-19236-01

During an NRC inspection conducted on July 25, 1990, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C (1990) (Enforcement Policy), the violation is listed below:

License Condition 17 states that the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the application dated August 23, 1986. Section IV of the application states that each radiographer will be inspected quarterly.

Contrary to the above, at the El Reno facility, one radiographer was not inspected during the first quarter of 1990 and another radiographer was not inspected during the second quarter of 1990.

This is a Severity Level IV violation. (Supplement VI)

Pursuant to the provisions of 10 CFR 2.201, H&H X-Ray Services, Inc., is hereby required to submit to this office, within 30 days of the date of the letter transmitting this Notice, a written statement or explanation in reply, including for each violation: (1) the reason for the violation if admitted, (2) the corrective steps which have been taken and the results achieved, (3) the corrective steps which will be taken to avoid further violations, and (4) the date when full compliance will be achieved. Where good cause is shown, consideration will be given to extending the response time.

Dated at Arlington, Texas,
this 8th day of August 1990
