Gentlemen:

This refers to the inspection conducted by Mr. E. J. Ford of this office during the period July 22 through September 4, 1990, of activities authorized by NRC Operating License NPF-47 for River Bend Station, and to the discussion of our findings with you and other members of your staff at the conclusion of the inspection.

Areas examined during the inspection included followup of events, operational safety verification, maintenance observation, surveillance observation, followup of previously identified items, and review of licensee event reports. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed By

*Dwight Chamberlain*
