Gentlemen:

Haddam Neck Plant
 Millstone Nuclear Power Station, Unit No. 1
Distribution Lists for Correspondence From the NRC

On February 8, 1990, and April 27, 1990, (References) we identified revisions to the distribution of correspondence originating from the Region I office. Since that time several organization changes have occurred which affect the NRC distribution lists for the Haddam Neck Plant and Millstone Unit No. 1 used by Region I and NRR.

- o On September 1, 1990, Eric A. DeBarba, Nuclear Station Director, Haddam Neck Plant assumed the position of Vice President, Generation Engineering and Construction, replacing Richard P. Werner.
- o John P. Stetz, Nuclear Unit Director, Millstone Unit No. 1, assumed the position of Nuclear Station Director, at the Haddam Neck Plant replacing Eric A. DeBarba.
- o Harry F. Haynes, Unit Services Director, Millstone Nuclear Power Station, assumed the position of Nuclear Unit Director, Millstone Unit No. 1, replacing John P. Stetz.

The attachments reflect the above changes to the NRC distribution lists for the Haddam Neck Plant and Millstone Unit No. 1 and should be used by Region I and NRR in future correspondence. Thank you for considering this request
