Gentlemen:

Subject: Inquiry No. 90-002

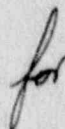

This refers to a telephone inquiry by Glenn Roberts of this office with you on September 7, 1990. This inquiry concerned the lack of response by the University to our Notice of Violation dated April 18, 1990 and request for a new license application package. During that conversation, you stated that the irradiator has been in storage, has not been used, and there are no plans to use the irradiator in the future. Mr. Roberts explained that a new license application for storage only must still be received. In addition, you committed to providing a prompt response to this request for a new license application upon receipt of this letter accompanied by Regulatory Guide 10.9. Please reference Control Number 112181 on your correspondence.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room.

Your cooperation with us is appreciated.

Sincerely,

Original Signed By:
