Supplement to Technical Specification (TS)
Amendment Request Administrative TS Changes

Dear Sir:

My letter dated October 28, 1987 requested several administrative changes to the Technical Specifications. This letter is being sent as a supplement to that submittal. Please replace page 3/4 3-8 of my original submittal with the new page attached to this letter. The change to this page, item 4.d in Table 3.3-3 clarifies the channels to trip by adding 'in any doghouse'. This change is for clarity only. The conclusions reached in my October 28, 1987 submittal remain valid. This change involves no significant hazards considerations.

Pursuant to 10CFR50.91, the appropriate South Carolina official is being provided a copy of this submittal.

Very truly yours,

H. B. Tucker
