Suite 206  
Houston, Texas 77079

Gentlemen:

This acknowledges receipt of your letter dated June 20, 1990, in response to our letter and attached Notice of Violation dated June 7, 1990. We have reviewed your response and find that additional information is needed. Specifically, we note that your response does not address each of the four items specified in the Notice of Violation.

Consequently, you are required to respond to this letter in writing, describing: (1) the reason that the violation occurred, and (2) the corrective steps which will be taken to avoid further, similar violations.

During the inspection, the inspector noted that your consultant had provided the information required to properly evaluate removable contamination survey results. However, this information had not been used by all personnel conducting these surveys. Your determination as to why the survey results were not properly evaluated is a prerequisite in developing corrective measures which address the root cause of the problem and will prevent further recurrence. Based on your evaluation, a description of any further corrective actions necessary should be included in your response.

Your response to this letter should be provided to this office within 10 days of your receipt of this letter. Should you have any questions regarding this matter please contact Linda L. Kasner at (817) 860-8100.

Sincerely,  
*Original Signed By:*
