Gentlemen:

We have reviewed your December 7, 1982, letter which included the Objectives and Guidelines for the Monticello Plant Emergency Exercise scheduled for February 23, 1983. Our review indicates that the Objectives and Guidelines stated appear to meet the requirements of 10 CFR 50 Appendix E, Section IV(f). Also we have noted that certain changes have been made as agreed in the November 23, 1982, teleconference with the State Minnesota, and Federal Emergency Management Agency, Region V (FEMA) representatives.

We have no further questions at this time.

Sincerely,

C. J. Paperiello, Chief
