FSAR P&ID's
(File: 2-4135)

Dear Mr. Boyd:

In accordance with Mr. Moore's letter of April 21, 1978, requesting our submittal of one set of larger-scale version of each Piping and Instrument Diagram (P&ID) in our FSAR, attached is one copy of each P&ID submitted in Amendment No. 48 to the ANO-2 FSAR on September 8, 1978.

This is expected to be the last amendment to the ANO-2 FSAR that includes a major P&ID update that will be submitted to the Division of Project Management and therefore, will be the last set of larger-scale drawings that will be submitted.

Very truly yours,

Daniel H. Williams
