General Comment

The critical task of decommissioning and remediating issues cannot be authorized to an incompetent, untrustworthy entity, Holtec.

Why even entertain this transaction when Holtec has proven itself to be unsuccessful, unable to fulfill tasks, and lying?

The risks are massive.

You cannot expect Holtec's WORDS based on its history.

The concern for iHoltec's "dropping the ball" and walking away from this unsolved, threatening nuclear problem must be thoroughly examined NOW lest the public be bamboozled by A KNOWN BAMBOOZLER, HOLTEC.

Trusting in your serious insight and diligence,
 Mary and Rev. Dr. Robert Reader
