SUBJECT: REVISED DRAFT SECY PAPER ON DISPOSAL OF NON-BYPRODUCT MATERIAL IN URANIUM MILL TAILINGS PILES.

Following your most recent suggestions and the D.C. Circuit's April 27, 1990 decision regarding the West Chicago facility, I have revised the subject paper for your reconsideration. OGC, NMSS, Region IV and GPA staff met on two occasions in May to discuss the impacts of the court decision. Based on staff conclusions from those meetings, there appeared to be no negative impact on the course of progress of the subject SECY paper (Enclosed). I would appreciate your comments on this package by June 20, 1990.

Enclosure: As stated.
