Re: Criminal Referrals

Dear Marian:

I find your February 24, 1994 responses to the various questions I have raised relative to the above to be completely non-responsive and intentionally evasive. Why did you represent to the Board that a written referral had been made when in fact that was completely false. When did you find out it was false and why didn't you so notify the Board? Until I get true answers to these questions my client will not be able to provide meaningful discovery responses to outstanding discovery.

Very truly yours,

Marcy L. Colkitt/sjg
