MEMORANDUM AND ORDER
(Extension of Time)

On March 4, 1994, the Nuclear Regulatory Commission Staff (Staff) requested an additional thirty-day (30) time period to respond to a General Atomic (GA) motion filed on February 17, 1994. The grounds asserted for the extension of time relate to the voluminous nature and legal complexities of the brief supporting the motion. GA's motion calls for a dismissal or summary disposition of the proceeding. In view of the nature of the issues involved, and with no party objecting, the Staff's request for an extension to respond by April 13, 1994, is granted.

D502

In the event Native Americans for a Clean Environment intend to file a reply to GA's motion, it will also be due on April 13, 1994.
