ORDER

A petition for leave to intervene and for hearing in the above-captioned proceeding has been filed by Citizens for a Better Environment and by the Natural Resources Defense Council. Answers opposing the petition have been filed by the Commonwealth Edison Company (Licensee) and by the Staff of the Nuclear Regulatory Commission. Petitioners have requested leave to file a response to these answers on the ground that the answers amount to a brief raising broad-ranging legal issues which warrant Petitioners' careful response.

For good cause shown, the request is granted. Petitioners shall file their response by October 23, 1978.
