Nuclear Regulatory Commission  
Washington, D. C. 20555

Gentlemen:

Attached are revision pages to monthly reports submitted for May through September, 1978. The changes involve reflecting the fact that, since May 26, 1978, Trojan has been restricted from operating by regulatory action. Since the regulatory action was taken during a scheduled shutdown, the shutdown number has not been changed; however, the reason for the shutdown has been changed.

Sincerely,

*B. D. Withers*
