Contract No. NRC-02-91-007 Modification No. 9 Page 2 of 2

The purposes of this modification are to (1) correct Section B, specifically the contract ceiling because of an administrative error made in Modification No. 6.; (2) modify Section C.1, Statement of Work, Task 1, Subtask C.1.1.B, revising the date the final reports are due; and (3) extend the period of performance from January 28, 1994 to April 29, 1994, at no additional cost to the Government. Accordingly, the contract is hereby modified as follows:

- Section B, Article B.3 CONSIDERATION AND OBLIGATION -- COST REIMBURSEMENT is corrected as follows:
- a. "The total estimated cost to the Government for full performance under this contract is \$394,213."
- b. "The amount presently obligated with respect to this contract is \$394,213. This fully funds the contract."
- 2. Section C.1, Statement of Work, Task 1, Subtask C.1.1.B, paragraph four is deleted in its entirety and substituted with the following:

The NRC staff will provide comments within 2 weeks of receipt of each of the draft reports. The final <u>version of the three</u> interim reports shall be submitted by December 31, 1993.

3. Section F, Article 6 Duration of Contract Period, is deleted in its entirety and replaced with the following:

"This contract shall commence on January 29, 1991 and will expire on April 29, 1994."

All other terms and conditions of the contract, including the ceiling amount of \$394,213.00, remain the same.
