Docket No. 50-312

Mr. J. J. Mattimoe
Assistant General Manager and
Chief Engineer
Sacramento Municipal Utility District
6201 S Street
P. O. Box 15830
Sacramento, California 95813

Dear Mr. Mattimoe:

SUBJECT: RANCHO SECO EMERGENCY PROCEDURES AND TRAINING FOR STATION
BLACKOUT

We have reviewed your response to Generic Letter 81-04 regarding emergency procedures and training for station blackout events. Our review was to confirm that the subject procedures and training either currently exist or will be implemented on an acceptable schedule at your plant. Our review did not include an evaluation of the details provided in your response beyond that necessary to confirm the above.

You indicated that procedures and training for station blackout will be implemented at your plant during the next licensing operator requalification cycle and in the subsequent operator licensing training program. You further stated that the next requalification cycle will begin after the annual exam; which are scheduled to be completed by January 1983. We find this implementation schedule acceptable.

Sincerely,

*ORIGINAL SIGNED BY
JOHN F. STOLZ*

John F. Stolz, Chief
Operating Reactors Branch #4
Division of Licensing
