Decommissioning Funding Plan and "Affected" + "unaffected" area designation.

SUMMARY

In response to my telephone request, on 1/25/93, of Ed Still, KM, to provide additional clarification of decommissioning funding Plan. Today, 1/28/93 R. Smith + J. Lux called to discuss 3 issues: 1) waste volume estimate of material to be buried onsite, 2) the cost estimates for offsite disposal, and 3) contingency fee. KM stated that they will submit a revised estimate of the waste volumes + costs. They stated that they are currently negotiating with Envirocare to receive the waste. Re: area classification, I briefly discussed areas which will need to be addressed including old Glishe dump + disposal areas for "clean" rubble from past decommissioning activities.

Informal  
Ka that  
if those  
submitted  
provided  
adequate  
confidence  
that  
Envirocare  
can  
receive  
waste, then  
I could  
cost estimate  
will probably  
be adequate
