Uranium Recovery Licensing Branch  
Division of Waste Management  
Office of Nuclear Material Safety & Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

RE: Source Material License SUA-917, Docket No. 40-3453

Dear Mr. Smith:

This correspondence transmits the third quarter, 1982 quarterly report sampling and analysis results of the environmental monitoring program as required by License Conditions 42, and 43 of Source Material License SUA-917. The ground water analyses are also submitted to partially satisfy License Condition 53.

The Pb<sup>210</sup> results for the quarterly ground and surface water samples have not been received from the outside laboratory. These will be forwarded to you under separate cover as soon as we receive them.

If additional information or clarification is needed relative to the material herewith enclosed, please contact me at your convenience.

Sincerely,

*Dale L. Edwards*
