Gentlemen:

By letter dated August 22, 1978 (PC-160-2, WYR 78-75) you provided information to support your application dated June 6, 1978 (Proposed Change No. 160) pertaining to the Yankee-Rowe ECCS recirculation system modification.

We have determined that Proprietary Drawing No. 001-33679, "N" - Pump, L.P.S.I., by Ingersoll-Rand Co., which was submitted as an enclosure to your August 22, 1978 letter was not required for completing our review of your application and is therefore being returned with this letter.

While your letter indicates that 10 copies of the drawings were transmitted to us, our records indicate that only 8 copies were actually received. One (1) of these copies has been destroyed. Therefore, 7 copies of Drawing No. 001-33679 are enclosed.

Sincerely,

Dennis L. Ziemann, Chief  
Operating Reactors Branch #2
