Docket No. 50-334

Duquesne Light Company  
ATTN: Mr. C. N. Dunn  
Vice President  
Operations Division  
435 Sixth Avenue  
Pittsburgh, Pennsylvania 15219

Gentlemen:

Subject: Inspection 50-334/78-22

This refers to the inspection conducted by Mr. J. R. White of this office on August 30-September 1, 1978, at Beaver Valley Power Station, Unit 1, of activities authorized by NRC License No. DPR-66 and to the discussions of our findings held by Mr. White with Mr. J. A. Werling of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the Office of Inspection and Enforcement Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Our inspector also verified the steps you have taken to correct the item of noncompliance brought to your attention in a letter dated May 18, 1978. We have no further questions regarding your action at this time.

In addition, our inspector examined those activities conducted under your license relating to the subjects covered in your letters to Mr. B. H. Grier, Director, USNRC, Region I, dated August 7 and August 8, 1978. (Response to Inspection and Enforcement Bulletin 78-07 and 78-08). We have no further questions regarding this matter.

Based on the results of this inspection, it appears that one of your activities was not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. This item of noncompliance has been categorized into the levels as described in our correspondence to you dated December 31, 1974. This notice is sent to you pursuant to the provisions of Section 2.201 of the

781130 0246

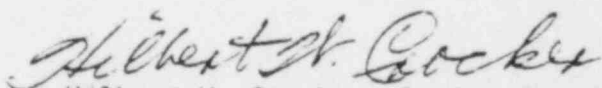

NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Section 2.201 requires you to submit to this office, within twenty (20) days of your receipt of this notice, a written statement or explanation in reply including: (1) corrective steps which have been taken by you and the results achieved; (2) corrective steps which will be taken to avoid further items of noncompliance; and (3) the date when full compliance will be achieved.

This item shown in the Notice of Violation enclosed with this letter is a recurrent item. In your response please give this matter your particular attention.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosures will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must be accompanied by an affidavit executed by the owner of the information, which identifies the document or part sought to be withheld, and which contains a statement of reasons which addresses with specificity the items which will be considered by the Commission as listed in subparagraph (b)(4) of Section 2.790. The information sought to be withheld shall be incorporated as far as possible into a separate part of the affidavit. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Hilbert W. Crocker, Acting Chief  
Fuel Facility and Materials Safety  
Branch
