## SUMMARY

### Scope:

This routine, announced inspection was conducted in the areas of Security Plans and Procedures; Audits; Assessment Aids; Security System Power Supply; and Alarm Stations.

### Results:

In the areas inspected, a non-cited violation was identified. The Site Security group provided appropriate security to provide protection for critical equipment and facilities. The site security personnel continue to perform as required. There was one event noted in which an individual had gained unauthorized access to the protected area. Additionally, an event relating to the failure to provide security for the Standby Shutdown Facility was reviewed and closed.
