NOTICE OF VIOLATION

RMI Company

SMB-602

As a result of the inspection conducted on September 30 and October 1, 1982, and in accordance with the NRC Enforcement Policy, 47 FR 9987 (March 9, 1982), the following violation was identified:

License Condition No. 13 requires that licensed material be possessed and used in accordance with statements, representations, and procedures contained in application dated September 18, 1978 and letter dated March 17, 1980.

The above referenced application, supplemental item 12(c)(5), states weekly smear surveys are taken in the locker room, lunch room (including lunch room tables), salary change area and plant offices.

Contrary to this requirement, weekly smear surveys have not been performed in the lunch room. Specifically, lunch room surveys were performed a total of sixteen times during the period January thru June 1982.

This is a Severity Level IV violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, you are required to submit to this office within thirty days of the date of this Notice a written statement or explanation in reply, including for each item of noncompliance: (1) corrective action taken and the results achieved; (2) corrective action to be taken to avoid further noncompliance; and (3) the date when full compliance will be achieved. Consideration may be given to extending your response time for good cause shown.
