Docket No. 50-483

Union Electric Company  
ATTN: Mr. Donald F. Schnell  
Vice President - Nuclear  
Post Office Box 149 - Mail Code 400  
St. Louis, MO 63166

Gentlemen:

Thank you for your letter dated December 17, 1982, informing us of the steps you have taken to correct the noncompliance which we brought to your attention in Inspection Report No. 50-483/82-15 forwarded by our letter dated November 26, 1982. We understand from your letter, and from a subsequent check by the resident inspector, that the platforms cited in the noncompliance are in fact correctly designed and installed. The noncompliance therefore becomes one of documentation rather than hardware. Our records will be changed to indicate a Severity Level V $\frac{1}{2}$ , rather than Severity Level IV, violation. No further reply by you is required. We will examine these matters during a subsequent inspection.

Your cooperation with us is appreciated.

Sincerely,

Original signed by R.L. Spessard"
