Dear Mr. Evans:

Reference: Enrico Fermi Atomic Power Plant, Unit 2
NRC Docket No. 50-341

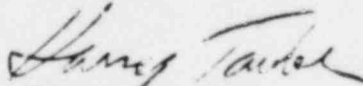

Subject; Security Plan for License to Receive
Unirradiated Nuclear Fuel Assemblies

Attached are seven copies of a description of Detroit Edison's Security Plan to protect unirradiated fuel assemblies. An application for a license to receive fuel assemblies has been separately sent to Mr. John Davis, Director for Special Nuclear Materials. In that transmittal, Detroit Edison requested that the license be issued on or before February 25, 1983.

In accordance with the Commission's Rules of Practice, specifically Section 2.790 of 10CFR Part 2 and Section 9.5 of 10CFR Part 9, The Detroit Edison Company hereby requests that the attached copies of the "New Fuel Storage Security Plan" be treated as proprietary and withheld from public disclosure.

If you have any questions concerning this submittal, please contact Mr. Larry E. Schuerman, (313) 649-7562.

Sincerely,

Harry Tauber
Group Vice President
