

March 7, 1994

Robert M. Goss, President
Transco Products, Inc.
Executive Offices
55 East Jackson Blvd.
Suite 2100
Chicago, Illinois 60604-4166

Dear Mr. Goss:

As a followup to a telephone conversation between Kevin Hawks and Steve West of my staff, I would like to thank you for your invitation to witness testing of the Darmatt cable wrap protection system.

We are unable, at this time, to participate in the testing performed by Transco products Inc. and Darchem Engineering Inc. or to engage in a formal review for the qualification of the fire protection system in question. However, we are very much interested in your efforts and would be pleased to receive any information or testing results you may want to share with us.

I look forward to hear from you on this matter.

Sincerely,

Original signed by

Conrad E. McCracken, Chief
Plant Systems Branch
Division of Systems Safety and Analysis
Office of Nuclear Reactor Regulation
