**Subject:** Request for clarification for NRC License No. 22-27593-01

Dear Mr. Karie:

This refers to your letter dated January 20, 2020 and our telephone conversation on February 20, 2020.

Based on our review, the Sentry 110, Sentry 330, QSA Global, Inc. Model 880, and QSA Global, Inc. Model 680 exposure devices and QSA Global, Inc. Model 650L changer are already authorized in your license, except QSA Global, Inc. Model 880SC changer.

We reviewed the SSDR (MA-1059-D-377-S) for QSA Global, Inc. Model 880SC changer and noticed that this changer is authorized for storage of QSA Global, Inc. sealed sources model A424-9 (Ir-192) & A424-25W (Se-75). Based on your current license, this changer can be added to Items 9.C., 9.D., 9.F., 9.AB., 9.AC., and 9.AD. Please confirm our understanding before we could amend the license per your request.

If you have any questions, please contact me at 630-829-9623 or reply to this email.

Thank you,

Frank Tran
