Gentlemen:

SUBJECT: DOCKET NOS. 50-369 AND 50-370

This acknowledges the receipt of your letter of January 26, 1994, which transmitted Revision 49 to the McGuire Physical Security Plan.

Our review of the changes has found them to be consistent with the provisions of 10 CFR 50.54(p). Accordingly, they are acceptable for inclusion into the plan with the exception of section 1.4.2.2.

Section, 1.4.2.2 on page 1.4-2, discusses the weapons mix used onsite. This section has a commitment which differs from regulatory requirements and therefore, has policy implications. Accordingly, this Section has been referred to NRC's Office of Nuclear Reactor Regulation for review. You will be advised by separate correspondence of our deliberations on this matter.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

MS
