Dear Mr. Vann:

This acknowledges your October 31, 1978 request for the preliminary drawing of the Oyster Creek Unit 1 Core Sparger clamping device and the planning and implementation schedule for sparger repair.

NRC regulations provide for release of documents received from licensees if those documents do not contain proprietary information. In this case, we have informed the licensee of your request, in order to provide him with the opportunity to determine whether proprietary information is involved. The licensee has 20 days to respond in this case. At the end of that time, we will release the requested documents to you, unless the licensee has submitted appropriate justification for withholding them pursuant to the provisions of 10 CFR 2.790.

Sincerely,

Eldon J. Brunner, Chief
Reactor Operations and Nuclear
Support Branch
